### Important product modification:

the EP-64 RM installation modules are no longer available and have been replaced with the EP-64 R 9.5" True Diversity integral amplifier. This modification has the following implications:

- radio receivers can no longer be installed in the Direct-Media,
- only 1 radio receiver can be installed in the Easy Port FP1,
- only 2 radio receivers can be installed in the Easy Port FP2,
- only 2 radio receivers can be installed in the ADESSO designer lectern.

**NEW!**

### Radio microphone systems EP-64 Set for every Easy Port systems FP1, FP2 (not Direct-Media!) and ADESSO Designer lectern (receiver built into speaker)

- + True diversity receiver
- + solide metal housing handheld transmitter with display for selected channel
- + Pocket transmitter in solide metal holder with 4-pol Mini XLR connector
- + easy and clear handling

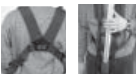

### EP-64 Set:

- + UHF, 64 selectable frequencies, 790-814 MHz
- + Multi channel operation with up to 5 systems simultaneous

### ADESSO | Designer lectern.

ADESSO combines classic elegance with modern functionality. This prestigious designer lectern would bring a touch of class to any event. High-quality materials and perfection to detail are just some of ADESSO's impressive features. ADESSO is carefully manufactured by hand exclusively in Germany.

#### Features

Coated perforated steel plate enclosure in colour DB 703 in combination with beech wood and stainless steel fittings, 2 elegant aluminium wheels, anti shock XLR microphone socket, two cable conduit inside, optional removeable laptop shelf (optional left or right use). **ADESSO is carefully manufactured by hand exclusively in Germany.**

#### 1. ADESSO "desk only"

Designer lectern (excluding integral electronics, microphone and lamp). The optional **Laptop shelf** can be attached to the left or right side (or both sides)

#### 2. ADESSO "active"

Designer lectern with integral amplifier, 2-way loudspeaker system, control electronic, battery and 4-channel mixer, 60W output port for an additional passive Easy Port FP2 slave speaker system.

#### Options:

- CD player
- Top-quality goose-neck condenser microphone with height adjuster
- Powerful LED goose-neck lectern lamp
- FP2slave speaker (connected via cable)

#### Options for wireless operation:

- + up to 2 radio microphones can be connected
- + transmitter for the complete lectern signal to an external Easy Port

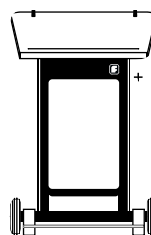

Easy to use.

## The different options

**ADESSO Design Rednerpult „Desk only“** (excluding integral electronics, microphone and lamp)  
**Manufactured by hand exclusively in Germany**

952 001 2908,00

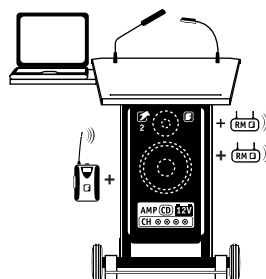

**Laptop shelf** can be attached to the left or right side (or both sides)
